

WEEKLY NEWSLETTER 16 February 2024

“Opportunities are usually disguised as hard work, so most people don’t recognise them.” Ann Landers

Message from the Headmaster

The past few weeks' newsletters are an indication of how busy the school is. It is great to see the current hive of activity with a wide range of academic and cultural activities taking place. It is vital that your sons seize every opportunity that is available to them. Graeme College offers a myriad of opportunities for learners to flourish and excel.

Each opportunity, whether it be participating in academic, sports, cultural or community engagement activities, serves as a stepping stone towards personal growth and development.

Embracing these opportunities wholeheartedly, learners not only enhance their academic achievements but also cultivate essential life skills such as teamwork, leadership, and time management.

Actively participating in the diverse array of opportunities at Graeme College fosters a sense of belonging and pride in one's school community, instilling values of commitment and perseverance that will serve learners well beyond their academic years.

It is through these experiences that our boys will truly realise their potential and contribute meaningfully to society.

Car Wash (u14 Fundraiser)

This is what makes Graeme so special- our parents and boys worked hard at the car wash fundraiser on Friday afternoon. A message from one our mom's who was an organiser: "The team building that happened yesterday afternoon was something that pulled on my heart strings. The boys had a ball! They washed and shone 10 cars an hour for the time that they were there we raised enough to pay for one or two teammates to go on tour! Thank you so much to everyone who contributed to making the afternoon a success. A huge thank you to Signs Un-ltd Grahamstown for our signage, and to Mike's Driving School for the water truck and manpower supplied to make the afternoon possible. Mike went on to fight fires, so he was the real hero of the day!" A big thank you too to 'We Wash It' for the soap donation and to the music from a local DJ!

Samila Dyantyi and Joe Jacot Guillarmod in Grade 2 were the recipients of Grit this week. The Grade 2 class is learning about notes and they did four rounds of aural training challenges. Joe and Samila won each round and shared the top score in the class. Joe and Samila shared their secret to success with their class mates (it turns out they have the same secret!): They both practised to sing their solfa scales at home and they tried to keep the sound of the "home note" in mind. Well done boys! Being able to recognise and sing solfa intervals correctly is no small feat!

The Book-sharing Corner is launched! Please participate and make use of it.

- bring unused books from home and donate to the shelf
- boys may take any books that are on the shelf
- return to the shelf once finished
- tell your friends about the books you have really enjoyed

You will find the Book-sharing Corner as you come into the main entrance of the school.

Readers are Leaders!

Notch kings in the junior school for the week.

Isenam Maswana in Grade 6 is our Graemian of the Week and will be looking after Courage the Leopard this week. Isenam, who is in Grant House, is the number 1 supporter of our u13A cricket side. Isenam could easily choose to do his own thing on a Saturday, instead he gives up his time to support his fellow Leopards. He fills water bottles and takes to those who needs it, he packs away pads and bats after an innings and generally makes himself useful. He asked to travel with the team to Gqberha when they played there. What a champ! For his helpful and self-sacrificing heart, Isenam is a worthy recipient of Graemian of the Week. Well done!

Below: The Grade 6 class teachers are the only romantics at GC Junior this week for Valentine's Day.

Grade 1s

This week the Grade 1's did a self portrait of themselves. They used chalk to outline themselves and used their pastels to colour in their self portraits. They had so much fun.

Grade 2s

The Grade 2s learnt all about 2D and 3D shapes this week and today they had to cut out 2D shapes, colour the shapes in and make a owl or a bird or both out of the shapes. The boys had so much fun doing this. These owls and birds are stunning!

Grade 4s

What is fun at age 9 or even 90? Playdough of course!

Grade 4s: We made one living thing and one non- living thing for Natural Science and Technology this week.

Playdough is always such fun!

Grade 6s

The Grade 6 classes had a very "healthy" day at school this week. For technology, they have been learning about the food process and they had to produce and make their own healthy breakfast bar! They come up with some very creative ideas!

Grade 8s

The grade 8 boys went on their annual class outing to Craig Donne farm on Tuesday 13 and Wednesday 14 February. They spent a night out camping next to the stream that runs through the farm, enjoyed an evening braai and did multiple activities such as tree climbing, hikes, water activities, games and a night hike. The purpose of the camp is to forge new friendships, especially for the new boys who have joined us in grade 8, as well as taking responsibility which will be required in their senior school careers. Thanks to Graham Carlson who facilitated the camp.

Grade 12s

Grade 12 Life Science- Banana DNA

The Grade 12s conducted the first of the formal practical assessments of their matric year. In a more formal way than at the beginning of the year, the Gr12s did a careful extraction of DNA from bananas. This was a very successful procedure with everyone finding "white clumps" of DNA developing in their test tubes at the end of the experiment.

Grade 11s

Grade 11 Life Science

As the term progresses, so the Grade 11s discover more about the amazing diversity of living organisms. Over the past week, we have been concentrating on the Kingdom of Plants. The Grant House gardens were perfect for inspecting examples of the four plant divisions being investigated. The shady spots were found to be covered in mosses. We were able to examine newly formed cones within a cycad and the roses were a perfect example of flowering plants (Mrs Manning and Mrs Holland -we promise that we didn't pick any of your precious roses!).

Science

Last week six Graemians attended an introductory training session for the Eskom Expo for young scientists hosted at PJ Olivier. They were part of over 170 learners from 14 different local schools learning about how to do good science and how to set up sound scientific experiments to ensure the success of their expo projects. These young men were a true credit to the school with their impeccable manners and interesting and engaging questions and answers, confidently posed in front of such a large audience.

Maths

Mathematics 100 Club

Our first inductee into the 100 Club for 2024 is our Headboy: Makabongwe Mancam.

He achieved full marks for his test on Sequences and Series for Grade 12.

This is the first time in Ms White's memory that a Grade 12 learner achieved full marks for this section of work!

Congratulations, Makabongwe! You are indeed leading from the front! An example to all.

Our Junior school camp date has been announced! This is a wonderful experience for our boys and the special dad/uncle/grandad/mentor in their life. Our Junior school camp-out is always a highlight in the calendar. Camping is a fantastic event for dads/guardians/mentors to spend time with the boys, being outdoors with friends, away from screens and outside the schoolyard. However, more importantly, it is a great opportunity for the adults to meet and get to know each other, swap parenting stories, toast some marshmallows and spent time being present with the boys, away from the chaos of daily routines.

If you are in the know, then you know how good our steak rolls are at the Graemian Centre!
See you there for lunch or dinner or both!

Pictured above: Assembly Musical Item: Joel Chitsike Grade 6. He played The Country Fiddler (Traditional English Dance) and Musette by J.S. Bach at assembly on Friday.

Below: The Grade 2 and Grade 3 classes have been learning about beat, rhythm and melody as musical elements. Musical elements are the building blocks of music. The boys are also learning how important it is for musicians to work together. Keeping to the same beat and listening to each other while playing music as a group makes all the difference! Pictured is the Gr2 class. The boys were singing a new two-part song in the round, while taking turns to play the beat and rhythm with body percussion and on drums.

Well done to Maphelo Matyholweni in Grade 6 who played for our junior school assembly this week. He played Gavotte by GF Händel.

The Junior Choir are hard at work with learning singing techniques and fun new songs!

Tennis

U13A tennis - Friday 16 Feb

Graeme College vs Port Alfred

GC won 63-35 in games

Some lovely games of tennis by both teams.

Tennis

Senior Tennis:

Well done to the top 8 first team players. In a stunning upset the Graeme boys emerged victorious in scorching heat, defying the odds and showcasing incredible resilience against a confident Marlow team. The Graeme boys won the encounter 7-5 (matches).

The u11 A and B tennis team played against St Andrews this week. Although it was a tough day at the office, the boys really enjoyed themselves and showed great character. We can be very proud of our young men.

Horseriding

VALENTINE'S SHOW WINNER

Aaron Heidtke participated in the Valentine Show at the Grahamstown Riding Club on Sunday 11th February. He and his horse Billie Cruise competed in both the Walk and Trot 1 Junior and Junior Prelim 2 dressage classes, as well as the 80cm and 90cm show jumping classes.

Pictured here, Aaron received the first prize for the Junior Prelim 2 Dressage class, along with having fun in the show jumping class.

When asked about his passion for horse riding, Aaron's words were.

"The first time I sat on a horse I was about 3 or 4 months old. My mother is a horse trainer and I definitely take after her! I am scared of falling off, yes, but this will never stop me from getting back on a horse. There is nothing like the adrenaline rush of speeding over 12 jumps in less than a minute and a half.

When I'm at home I ride every day, being in the hostel I am fortunate enough to be able to go riding once a week". Well done, Aaron.

Hockey

Lutwe Kobese was man of the tournament at the Princess Hockey Festival in East London. What an achievement. We are very proud of you!

Athletics

Our senior athletes kicked off their season this Saturday, 10 February, at the Makhanda High Schools competition held at Rhodes University athletics field. The boys made a good account of themselves in various track events.

Athletics

The Makhanda high schools athletics eliminations continued on 14 February at PJO where athletes battled it out in the field events category. Our senior athletes made a good account of themselves in various events where they placed in the top three (3).

Some noteworthy performances were Inam Masoma who finished 1st in the U15 high jump and C-Jay Jeggels finishing 2nd. Reuben Dollery got a first place in the U17 Javelin. Ayamila Bill got a 1st place in the U17 shot put as well as the discus throw. Ayola Mali got a 1st place in U19 shot put and 2nd place in the high jump. Ahlumile Sideba got a 1st place in the U15 long jump and Mbulelo Gama finished 3rd in the same event. Jordan Damonds finished 2nd in the U17 long jump. Khanya Pieters got a 2nd place in the U19 long jump. Sango Mayekiso got a 1st in the U19 discus throw.

The completion of track events last Saturday as well as the field events on Wednesday enabled the local selectors to convene and select a Makana Municipality High Schools team to compete at Sarah Baartman District Championships in Gqeberha on Wednesday, 21 February. A total of 14 of our athletes were given a nod to compete at the district level. Congratulations to them and we wish them the best of luck at the district championships.

Waterpolo

GC 1st waterpolo team played against the SAC senior team. They drew 8 all and then lost by a penalty shoot out.

The GC juniors played the SAC juniors. Lost 10 - 3. Below are the junior team.

Sibabalwe Deliwe 48 in 21 balls

Lukho Meleni 3/18

Incredible cricket results!

King Construction, Civils & Lawn

We were a little grumpy with the cricket performances last week, but our teams bounced back superbly well last weekend. There were superb results against Selborne College with wins in the u14A, u15A and 2nd teams. The 1st XI had a great comeback in their match, led by their skipper, but unfortunately lost by one wicket. Murray Tyson was brilliant, ending with 5 for 69 and created chaos in the Selborne run chase. The 1st XI fixture in the last 3 years has never been a tense and tightly fought contest of the last few years. This year's fixture lived up to its expectations when our first team narrowly went down by only 1 wicket in the penultimate over of the day in East London.

Graeme won the toss and elected to bat first facing 45 overs of spin in their allotted overs of 65 after a forced declaration of 229/9. There were excellent batting performances from wicket-keeper bat Qhama Ngoma(65), Marcus Williams(34) and captain Murray Tyson (45).

Selborne's Trè Gilbert played a matching-winning captain's knock scoring an incredible century. Selborne needed just over 50 runs with six wickets in hand before Murray Tyson turned the game around picking up 5/69 in 13 overs. The game went down to the penultimate over of the day, Graeme needing 1 wicket to win and defending 4 runs, Graeme narrowly went down by 1 wicket to end a remarkable day of cricket and learnings for our boys.

Miscellaneous

- Learner diaries available for 2024
- R45 each
- Available from Lady Busi
- A great way to keep organised and up to date in the new year.

Our 2024 diaries are now available to purchase for Grade 4-7s specifically, however it is useful for all grades. They are R45 each and available from reception. The purpose of a school diary is to document your tasks and events so that they can be remembered. It is an excellent way to record homework and your son can easily access it and take a look at your reminders whenever necessary.

School term calendar

Please take note of our term diary which has a comprehensive calendar of events and what is happening for the term ahead.

The calendar is also available on our school website.

Teen App

We are delighted to announce that Graeme College has purchased a full membership of the VIVE TEEN WELLNESS application, which will enable ALL our learners to have full access to the app. It is something that we have thoroughly investigated, and feel that this is a massive step in the right direction for the wellbeing of our all learners. We are excited that every learner will have safe space to learn more about mental wellness, and reach out for help if needed, in a number of ways.

VIVE TEEN WELLNESS is an Artificial Intelligence enabled digital platform and smartphone application that was built in South Africa. The first version was launched earlier in 2023, with several schools presently using the full suite of functionality. The schools and learners that have been using the platform in recent months have provided us with very valuable feedback that assisted us in planning the next phase of the roll-out.

During 2022 VIVE TEENS has been selected as a winner in the UpLink - World Economic Forum (WEF) Youth Mental Health Challenge where it has competed with over 120 other mental health companies from across the globe.

The platform is expected to launch internationally early in 2024, and as part of that process we are awarding South African schools the opportunity to gain from a locally built application and support the mental wellness of our children.

The Graeme College subscription starts from 1 September 2023, but we would like our learners to download the application in the meantime, and familiarize themselves with it by referring to the various videos and guides.

GRAEME COLLEGE RUGBY FESTIVAL

March 2024

The Graeme College Rugby Day Festival has become a massive event on the South African rugby calendar. We have far more than ten thousand people passing through our gates during the day! The event is live-streamed, which has tens of thousands of spectators, and is shown repeatedly on Supersport channels. We signed the streaming rights contract with Supersport Schools in 2022, and they are obviously ecstatic with the results. We are also incredibly excited to team up with various sponsors again this year.

The Graeme College Rugby Day Festival has become a massive event on the South African rugby calendar. The event has grown so big that we need corporate assistance in dealing with the logistics of hosting an event of this magnitude. We changed the format last year with regards to College's 150 celebrations and have decided to keep that format going forwards..

Our Corporate Sponsorship/ Advertising Package includes the following:

- Festival Programme Advertising
- Banner Advertising on the fields for all three days.
- Free entry/ VIP parking for all three days.
- Lunch for TWO people for all three days.
- VIP Seating for TWO people for all three days.
- Social Media Advertising (Graeme College)

The packages are being sold for R5000 each. We will put you in touch with our marketing team with regards to the programme and advertising. Thank you for your continued support.

For more information and to book your package, please contact:

Thank you.

The Cape Town old boys gathered this week at WPCC. A gathering of old Graemians is always a lovely sight to see!
