

WEEKLY NEWSLETTER 10 May 2024

‘The moment a child is born, the mother is also born. She never existed before. The woman existed, but the mother, never. A mother is something absolutely new.’

Message from the Junior School HOD

A few weeks ago we celebrated the role of our gutsy Graeme Dads in our school community. On Sunday I trust that all Graeme Moms will be able to put their feet up and enjoy the adoration of their families.

Ideas for the day boys - foot massages, breakfast in bed, hand over the TV remote for the day, cups of tea/coffee on demand, make lunch, make a home-made card where you tell your Mom what she means to you. From our side - Graeme Moms, we really appreciate what you do for your boys and the school. Here’s a list of ‘Mom Contributions’ that could potentially be added to significantly: lifts to school, signing homework book, being the nurse/doctor, shoulder to cry on, encourager and motivator, chef, lunch-box artist, organiser of clothes, chief side-line supporter, number one fan....the list goes on. Graeme Moms - you rock!

Here’s one of our ‘Moms that Rock!’ in action. I spotted Ms Nomathemba Ralo, 1st team hooker Lebo Mahasele’s Mom, in action on Saturday at the Grey Festival. Imagine how it made Lebo feel having his Mom by his side at Grey. Imagine all the tasks done on this day alone - woke Lebo up and fed him breakfast (tick), helped get his kit ready for game day (tick), drove him to Graeme to get on the bus (tick), present in Gqeberha after a long drive from Makhanda (tick), helped fill in important forms before the game (tick), got Graeme College supporters’ kit ready (tick), let Lebo know that win or lose he would always be a champion in her eyes (tick), might have been a shoulder to cry on in the evening for a warrior who had given everything for the Leopard on his chest that day (tick). Ms Ralo we salute you and the place that you have in Lebo’s life. Ningadinwa bazali, iinzame zenu ziyabonakala!

We know that Lebo's story can be told hundreds of times in the Graeme College community as it relates to the lives of our Leopards. Moms, aunts, grannies, sisters - we appreciate everything that you do for your boys. Please keep going, keep loving, keep disciplining, keep encouraging and keep motivating.

May God bless you on Sunday and every day.

HAPPY Mother's Day

Graeme College salutes all our Graeme Moms. Happy Mother's Day!
Thank you for your endless love and support of your boys.

How are great schools built? By community members (boys, teachers and parents) going beyond the call of duty - doing more than was asked of them. Onothando Mbanzi in Grade 6 is one such individual and is our Graemian of the Week. As a Grade 6 Leopard, Ono was asked to assist the Grade 7s by raising funds for their Legacy Project. Ono outshone and outperformed all of the Grade 7s by raising over R1000 on his own. Well done Ono! For his commitment, dedication and willingness to sacrifice his time and energy for the College; Ono is a very worthy Graemian of the Week. Keep it up you champion!

Below: Notch Kings for last week.

Below: This week the Grade 5 boys are out and about learning about understanding the process of measurement and learning how to use measuring instruments.

Happy Mother's Day to all the mummies out there! Our smallest leopards honoured their mothers by inviting them to a very special Mother's Day Tea Party called "Moms & Muffins". It was simply beautiful; from the decorated tables to the delicious food, it was the perfect way for the boys to let their moms know how meaningful they are to them. The boys sang songs and made their moms cards. It was incredibly special and sentimental for the moms. Moms- please remember you are such a treasure to your children!

Grade 5s

Great work boys! The Grade 5LM boys presented their technology projects this week and they have done so very well.

Grade 9s

The Grade 9 learners are doing an incredible job with their tonal pen drawings. They learnt how to tone and use a variety of pen drawing techniques. They chose their favourite technique and an image of an animal or bird and applied their technique to their final drawing. The end results are looking stunning!

Grade 12s

Grade 12 Practical

The topic in the Grade 12 Life Science lessons at the moment is human response to the environment. This involves discovering how the Nervous System works. The Grade 12s have tested one another's reaction times to different stimuli. There was much debate as to which stimulus -visual, auditory or tactile would result in the fastest reaction times and also who would show the fastest reaction times. Such fun!

Jarryd Mardon matriculated from Graeme College in 2008.

Jarryd attended Graeme College from Grade 3 to Grade 12. He made the most of his time at Graeme, maintaining a high academic standard. Jarryd consistently made the top ten academic achievers throughout his schooling. This culminated in Academic Honours in Grade 11. Jarryd was re-awarded Academic Honours in Grade 12 where he completed his matric year as the Dux Scholar. He was awarded the Judge CT Smith Scholarship in recognition of his outstanding academic track record whilst at Graeme College.

Jarryd balanced his academic endeavours with age group cricket and rugby. He was also a keen squash player. Jarryd also participated in debating at school and received Half Colours.

Jarryd's obvious leadership qualities were recognised by his peers and the staff, culminating in him being a school prefect. After school, Jarryd studied a Bachelor of Commerce degree at Rhodes University majoring in Economics and Law in 2012. Thereafter he completed his Bachelor of Law (Cum Laude) at Rhodes University in 2013. During his final year of LLB, Jarryd was awarded the top in Moot Court and went on to represent Rhodes University at the African Human Rights Moot Court competition. Jarryd and his team were awarded the best memorials (heads of argument).

After graduating, Jarryd completed his articles in Cape Town at Werkmans Attorneys. Werkmans Attorneys is recognised as one of the leading corporate law firms, as well as one of the top five law firms in South Africa. Jarryd was admitted as an attorney of the High Court in South Africa in 2016 and continued his professional career at Werkmans as an Associate. Jarryd worked hard to climb the ranks at Werkmans where he was promoted to Senior Associate in 2019 and then Director in 2021. Jarryd's practice is based in Stellenbosch and is focused on Mergers and Acquisitions and Private Equity. Jarryd is obviously regarded highly in his field as he provides sound advice to various South African listed companies and international companies. Jarryd works for companies all over the world including Nigeria, Madagascar, Mauritius, Uganda etc. Jarryd has written various articles on legal trends within his field of expertise. He has also been interviewed on radio to discuss merger and acquisition trends in South Africa. Currently, Jarryd lives in Somerset West with his wife, Kelly-Jane, and their 8 month old daughter. Kelly-Jane is a Grahamstown local too having schooled at Kingswood College. Jarryd plays golf in his spare time. He says he enjoys the odd game of Paddle and keeps fit by participating in road running. To quote Jarryd, " I can confidently say that Graeme College and it's brilliant staff gave me many opportunities, skills and knowledge which helped me navigate life, studies and my career."

Jarryd has many fond memories of his time at school and the friendships that he formed at school remain strong to this day. Jarryd, you have certainly excelled in all areas of your life. We look forward to seeing what next you will achieve! Congratulations! We are so proud of you, a special Son of the Leopard.

Term 2: Community Engagement

We will be collecting knitting wool for the Lebone Centre.

Please send any wool to Ms White. Thank you!

LEBONE CENTRE

Community Outreach Portfolio Term 1 Winners are Grade 8JVM.

They were able to amass a staggering 20 000 points for donations received for the various projects we were running in term 1! They were rewarded with Debonairs Pizza to say thank you to them.

Community Engagement

Community Outreach Portfolio Mountain Drive Challenge:

We thank the many people who sponsored our boys to walk the Mountain Drive Half Marathon on Sunday, 28 April!

It was a wonderful morning walking in aid of the Observatory Museum. The Observatory Museum is raising funds to install a digital, interactive science display.

How wonderful for the entire community!

Debating

Graeme College junior debaters participated in the first six rounds of the RDL tournament this past weekend. The two teams performed admirably - junior firsts (Jedd Youthed, Rory Robertson, Morgan Prevec) ranked second after winning five of the six rounds and junior seconds (Tshepo Molefe, Connor Richardson, Michael Pretorius) ranked fourth with four wins. They will now go on to participate in the semi-finals this weekend. This league consists of seven schools from Makhanda and Port Alfred, and is the tournament that determines which speakers will attend the provincial tournament.

Rugby

It is brilliant for us to play rugby against much bigger schools, who are ranked much higher than us. It's a great test for our players and for our coaches. We are so proud of these performances and for how our players represent the school on and off the field.

We have come so far and are now challenging these types of opposition in every contest and pushing them to their limits. Tough day in the office results wise, but happy to keep testing ourselves.

Results versus Grey High School:

We are delighted to announce that Graeme College has purchased a full membership of the VIVE TEEN WELLNESS application, which will enable ALL our learners to have full access to the app. It is something that we have thoroughly investigated, and feel that this is a massive step in the right direction for the wellbeing of our all learners. We are excited that every learner will have safe space to learn more about mental wellness, and reach out for help if needed, in a number of ways.

VIVE TEEN WELLNESS is an Artificial Intelligence enabled digital platform and smartphone application that was built in South Africa. The first version was launched earlier in 2023, with several schools presently using the full suite of functionality. The schools and learners that have been using the platform in recent months have provided us with very valuable feedback that assisted us in planning the next phase of the roll-out.

During 2022 VIVE TEENS has been selected as a winner in the UpLink - World Economic Forum (WEF) Youth Mental Health Challenge where it has competed with over 120 other mental health companies from across the globe.

The platform is expected to launch internationally early in 2024, and as part of that process we are awarding South African schools the opportunity to gain from a locally built application and support the mental wellness of our children.

The Graeme College subscription starts from 1 September 2023, but we would like our learners to download the application in the meantime, and familiarise themselves with it by referring to the various videos and guides.

Here is a link to the video to understand what Vive is all about: <https://fb.watch/mcK3MzNNrn/>
